

Census 2020

The National Population Census is the most important statistical survey conducted under the Japan's Statistics Act. It covers all people and households in Japan, including foreign nationals, to clarify the actual situation of the domestic population.

The Census 2020 will be conducted as of October 1st 2020. Every person living in Japan, including foreign nationals, must answer to the Census. This survey is important to define National and local government plans and projects not only for infrastructure but also for welfare and education.

By the middle of September, a Census taker will drop off the Census materials to you. Please check its contents and answer to the Census by accessing the Census Online website or returning the questionnaires by post.
